

## **PURCHASE MANUAL FOR KAMCO**

### **PREFACE**

The Kerala Agro Machinery Corporation Limited (KAMCO) was set up in March 1973 with the main objective of production, assembling and marketing of agricultural implements such as Power Tillers, Reapers and Tractors. The Company has six units at Athani and Kalamassery (Ernakulam), Mala (Thrissur), Kanjikode (Palakkad) and Kannur with an aggregate installed capacity of 6000 Power Tillers and 1800 Power Reapers.

KAMCO which holds an enviable position among the Public Sector Companies in the State in the manufacturing sector has nearly 600 employees, more than 60 dealers throughout India and has been providing indirect employment to around 2000 people through 250 suppliers located in different regions of the country. Some of these suppliers have been functioning as ancillary units of KAMCO and they have been supplying for long period. Most of the Suppliers are small and medium enterprises.

For its procurement needs KAMCO has so far relied on a Purchase Manual tailored to conform to ISO standards. The Company maintains ISO certification standards.

This manual is the outcome of KAMCO's need to evolve its own Purchase Manual / Policy in conformity with the provisions of Kerala State Stores Purchase Manual and also to align the purchase policy of the company with modern trends in the industry. This Purchase Manual is intended to serve as the basic norms and practices governing procurement of stores and materials in KAMCO.

## **CHAPTER -1**

### **Introduction**

- 1.1 Agriculture is the backbone of Indian Economy. In the fast growing scenario of Indian Industry, Agriculture still finds an important role in India. But the agriculture sector is facing challenges like shortage of labour and need for increased productivity. Mechanization is considered as an important solution to overcome shortage of farm labour.

### **About KAMCO**

- 1.2 Kerala Agro Machinery Corporation (KAMCO), a PSU under the Department of Agriculture, Government of Kerala, has been providing significant impetus to the growth of agricultural mechanization in the country in the last few decades.
- 1.3 KAMCO which started its operations in 1973 manufactures and distributes various machineries for agriculture mechanization. In 1975, KAMCO started Power Tiller manufacturing with Japanese collaboration. The Organization started making profit from 1984 and as part of expansion, company started new units in Kalamassery in 1990 and in Kanjikode, Palakkad District in 1995. The Organization earned ISO Certification for Quality Standards in 1996. KAMCO developed Power Reaper and a new unit was started in Mala, Thrissur District for its manufacture in the year 2000. Garden Tiller / Power weeder was introduced in 2010 and this machine which was imported initially is being produced using indigenous components. In continuation with its excellence in the manufacturing of Agricultural Machinery, KAMCO started a new plant in Athani, Ernakulam District for manufacturing Mini Tractors in 2011 with Italian Technology and started production in 2012. As part of its continuous expansion drive sixth Unit of KAMCO was inaugurated in 2016 January at Valiyavelicham in Kannur district. The present product range of KAMCO includes:

1. Power Tiller
2. Power Reaper
3. Garden Tiller
4. Mini Tractor (TERA TRAC 4W)
5. Brush Cutter
6. Portable water Pump set.

## **About This Manual**

1.4 This Purchase Manual documents the purchase procedures, practices and modalities to be followed in general and also while purchasing materials for production, assembling and spare sales in various units of KAMCO including (but not limited to) Capital items, raw materials, finished components, sub-assemblies, subcontracted items, consumables, spare parts, packing materials, general stores, work orders etc and provide norms for entering into purchase contracts, work contracts, services and works of similar nature relating to management of production and capital purchases. The manual also lays down procedures for vendor base development and provide guidelines for preferential treatment of suppliers in terms of cost, quality and timely delivery of ordered articles.

## **Objectives**

1.5 The main objectives of the Purchase Department of KAMCO are as under:

- (i) To ensure uninterrupted flow of all raw materials, semi-finished, fully finished components for production implements and accessories, consumables and sub-contracted components of good and required quality for production / services so as to avoid production stoppages.
- (ii) To follow fair and consistent practices in making the purchases and to ensure transparency in all procurement activities in reference to the Kerala Stores Purchase Manual Rules.
- (iii) To safeguard the financial and legal interests of the Company at all times and to avoid production loss.
- (iv) To procure materials, especially production items from already developed existing sources with reduced cycle time and to ensure that goods and services received are of consistent quality conforming to the standards / specifications mentioned in the drawings / Purchase orders.
- (v) To develop more suppliers so as to increase the Vendor base and to bring in healthy competition in cost, quality and delivery cycle. These developed new suppliers, after sample approval and completion of trial orders, will also be considered for further purchases of the items.
- (vi) To keep the inventory at the optimum level, as decided from time to time by the Managing Director, KAMCO.
- (vii) To strive for cordial, enduring and beneficial business relationship with the suppliers and to redress grievances of the suppliers.

1.6 Management and Staff dealing with the purchase of materials will adhere to the above objectives for achieving production.

## **E-Procurement**

- 1.6 KAMCO shall follow e- Procurement procedures as ordered by Government, with necessary changes issued from time to time.
- 1.7 Deviation, if any, from e-procurement shall be made only in very exceptional circumstances citing proper justifications for the deviation and only with the prior approval of the Managing Director, KAMCO.
- 1.8 The Head of Purchase / Materials department will be responsible to ensure that the procedures indicated in this manual are followed by all officials connected with the purchase.

**CHAPTER – II**  
**AUTHORITIES / OFFICERS COMPETENT TO PURCHASE STORES**  
**AND MATERIALS**

- 2.1 The Managing Director, KAMCO shall have the powers and authority on behalf of the Company directly or by appropriate delegation to the officers at different levels to make all purchases and to enter into contracts and do all other things necessary for the procurement of various materials required for the management of the affairs of the Company, within the limits fixed by the Board of Directors of KAMCO.
- 2.2 Sanction / Approval for the purchase of materials by the Company shall be decided by the Managing Director, KAMCO.

**Competent Authority**

- 2.3 Competent authority means Managing director of Kerala Agro machinery Corporation Ltd (KAMCO.), Managing Director, KAMCO possesses the right to delegate the power for issue, amend, cancel etc. Purchase orders to his sub ordinates/respective committees as per delegation of powers.
- 2.4 *The Managing Director is empowered to make amendments to the 'Delegation of Powers' from time to time. Delegation of power is given in Para 3.14 of Chapter -III*
- 2.5 A demand for purchase should not be split into small quantities for the sole purpose of avoiding the necessity of taking approval of the higher authority required for sanctioning the purchase of the original demand.

**Constitution of Committees.**

- 2.6 The Managing Director shall take appropriate steps for the periodic constitution of various Committees related to the procurement of general stores and production items in the company, viz., Purchase Committee, Vendor Development Committee, Technical Committee for the evaluation and acceptance of Tender, Design Review Committee and IT Committee. *The Compositions of various committee, [Purchase committee, Vendor Development Technical Committee, Committee for Capital Purchase, Price Review Committee, Technical Committee for Evaluation of e-tender (for Raw Materials, Components, Sub-assemblies, Consumables etc) items coming under the preview of Group II, Technical Committee for Evaluation of e-tender (for Capital items and other General Items) coming under Group I] are detailed in Annexure-XI.*

## CHAPTER – III

### FORECAST OF REQUIREMENTS OF STORES / MATERIALS

#### Classification of Stores / Materials for Purchase.

3.1 The stores / items for procurement in KAMCO are classified into two categories for the ease of procurement and based on the procedure to be adopted for the purchase. They are

- (a) Group– I items General Stores
- (b) Group– II items for Production and Spare sales and Subcontracted items.

#### Group – I

General stores, General consumables, building materials, office furniture, packing materials etc and equipments, including Capital equipment as and when required. (List of Items are given in Annexure –I)(Items under Group-I). However this list is subject to change as per requirement from time to time.

#### Group - II

Raw materials, fully finished components, consumables (for production), sub contracted components (sub assemblies, accessories, implements etc.) and spare parts which are required for the manufacture of the products and its after sales service and maintenance and items required form spare sales.(List of Items falling under various products (as per BOM) and list of general items and consumables used for production are given in Annexure –I(Items under Group –II). However these lists are subject to change as per changes / modifications incorporated from time to time.

- 3.2 A list of materials required for production by the company and the general stores items normally procured are very exhaustive and given in Annexure -1. This list is subject to change as per additions / deletions in BOM / changes in design etc.
- 3.3 The entire purchase of articles in Group-1 will be governed by the rules contained in the Kerala Stores Purchase Manual and the general rules specifically mentioned in this manual. Wherever rules are not available in this purchase manual, the rules as per Kerala Stores Purchase Manual will be followed, till further amendments to this manual.
- 3.4 KAMCO is a manufacturing concern holding the field since 1973, in the manufacture of farming equipments like Tractors, Reapers, Garden Tillers, Brush Cutters and Power Tillers and has a reputation in the industry for quality, reliability and durability of its products. To maintain this credibility in the industry, the company adheres to strict norms of quality both in purchases of production items/components and in the process of manufacture. To sustain the steady growth of the company which had always been profitable (KAMCO has

been functioning profitably for the last thirty six years) the company must have the liberty to effect its purchases pertaining to the procurement of raw materials, fully finished components, production consumables and sub contracted components so that the quality of the end product is not in any way affected. But at the same time, CVC guidelines are to be observed and purchases have to be effected in a transparent manner congenial to the financial health of the company. Therefore, for the purchases of items in Group-II, the procedures indicated in chapter -6 of this manual are suggested, keeping in view the broad principles outlined in the Stores Purchase Manual of the Government of Kerala and the guidelines issued by CVC in this regard to meet the aforesaid objectives for maintaining the quality of the products and to ensure continuous supply of materials.

## **FORECASTING**

### **(a) GENERAL ITEMS (Items under Group-I)**

- 3.5 The Materials department of the company in consultation with Purchase and other units should estimate the requirements of the General items of stores to be procured for the succeeding year so far as they can be foreseen. At the end of each financial year the staff of Materials department should prepare a list of articles required for and during the next financial year. The list may be prepared on the basis of requirement / indent raised by the user departments. The lists should also be based on the budget for the succeeding year and should be prepared duly allowing for the carrying over of stock for at least one quarter of the succeeding year. Articles which are likely to depreciate or deteriorate during storage should not however be bought long in advance for requirements.

#### **Ascertainment of surplus stores**

- 3.6 The following instructions shall be observed in regard to utilization of surplus items.
- i. Each Heads of units should circulate from time to time lists of all usable stores found surplus to the requirements of his unit, to other unit Heads.
  - ii. Before drawing up the list of requirements of stores / materials for the succeeding year, the surplus stores / materials shall be ascertained and the forecast of requirements shall be finalized accordingly.

#### **Indenting**

- 3.7 After the requirements are drawn up separate tentative indents for procurement are raised in the approved format (The indent form now followed by the Company shall be continued) by each of the departments / units / sections separately in respect of General Stores.
- 3.8 The following guidelines shall be followed while preparing indents.

- (i) Items of stores / production materials falling under different categories shall not be mixed up in the same category either in the indent or in the request for purchase.
- (ii) It should be ensured by the indenting authority that maximum consolidation of the requirement of each item is made as far as possible to enable Purchase department to negotiate and obtain quality discounts / lowest prices. Staggered delivery schedule shall be indicated as per the requirement.
- (iii) In case of proprietary / specified brand goods, the indents should indicate that such items are selected / preferred for technical reasons or due to customer specifications and certify on indents accordingly. It

is the responsibility of the indenting department to be assured that there is no alternate source of supplies for such materials before the procurement.

- (iv) The specifications / technical parameters of the items should be comprehensive and accurate. Changes in the specifications / technical parameters may affect cost and does not reflect a prudent purchase policy.

3.9 The indenting departments / units shall forward the tentative indents to the Purchase/Materials department after being duly approved by the Heads of respective indenting departments. The Purchasing department shall process the indent and prepare a consolidated annual tentative indent item wise. The tentative annual indent should show the approximate cost of articles to be purchased.

#### **Administrative Sanction**

3.10 On the basis of the indented list of items / materials the Managing Director, KAMCO shall issue Administrative sanction for the purchase /procurement of such items. If the requirement is for particular article of specific make or model, deviation shall be allowed after taking approval from the Managing Director, KAMCO. It will be the responsibility of the indenting departments to ensure the Administrative sanction for the purchases before forwarding indents to Materials Department.

#### **Purchase of Capital Machinery**

3.11 For Capital Machinery purchase and replacement the proposal shall be placed before the Committee for Capital Machinery Purchase and Replacement constituted for the purpose. If the Committee recommends the proposal Administrative sanction will be issued by the Managing Director. Procurement will be done as per the rules laid in the Government Stores Purchase manual and standing orders of the Government of Kerala on capital machinery purchases.

#### **(b)ITEMS FOR PRODUCTION & SPARE SALES – GROUP-II**

3.12 Items (forecast) for production (including implements and accessories) and items for spare sales are procured based on the Budget approved by the Board of Directors. Items required for production are procured based on the Bill of Material (BOM) for each product generated from the System based on Budget. Consumables required for production and certain items required for dispatch (which are not included in BOM) are procured based on standard calculation for achieving the budgeted production / dispatch of machinery. Items required for spare sales are procured as per the spare sales forecast given by Marketing Department. Forecasting of the items for production and Spare Sales and other items / consumables for achieving production /dispatch as mentioned above shall be done as given above based on the budget approved by the Board of Directors and spare sales forecast given by Marketing Department. Purchase Plan is prepared for the above items reflecting the requirement, stock, balance to be procured etc. No separate administrative sanction is required for such purchases.

## ADMINISTRATIVE SANCTION

- 3.13 For the purchase of production items the general sanction accorded by the Board of Directors (approval of budget) within the budget provision will be reckoned as sanction by the Managing Director, KAMCO in lieu of Administration sanction for each and every item of purchase of production items.

### 3.14 DELEGATION OF POWERS FOR PROCUREMENT

<b>Para 3.14</b> <b><u>Delegation of Powers for Procurement</u></b>	
<i>(i) For purchase of materials Group I and II where landed cost of Purchase Order up to Rs.75000/-</i>	<i>Senior Manager (Materials)</i>
<i>(ii) For purchase of materials Group I and II where landed cost of Purchase Order up to Rs. 2 Lakhs</i>	<i>Head of the Department (Materials) above the rank of Senior Manager</i>
<i>(iii) For purchase of materials Group I and II where landed cost of Purchase Order up to Rs. 10 Lakhs</i>	<i>Purchase Committee comprising of nominees from Purchase Department, Production Department, Finance Department, Head of Materials, Head of Operations, and Head of R&amp;D Departments.</i>
<i>(iv) For purchase of materials Group I and II where landed cost of Purchase Order exceeding Rs. 10 Lakhs</i>	<i>Managing Director</i>
<i>(v) For emergent purchase of materials Group I and II where landed cost of Purchase Order Up to Rs. 5000/-</i>	<i>Unit Head/Officers of and above the rank of Deputy Manager in the Purchase Department.</i>
<b><i>Any variations or amendment in purchase order should be recommended by the Head of Materials Department and approved by Managing Director subject to other conditions in the Purchase Manual</i></b>	

## **CHAPTER – IV**

### **MODES OF PURCHASE – Quotations & Tenders**

#### **General Items – Group I**

- 4.1 Depending on the nature of the required stores / materials, the quantity and value involved and the period of supply, the Managing Director, KAMCO is to decide the appropriate mode of purchase. The various modes of purchase to be adopted for this purpose are indicated in the subsequent paragraphs.

#### **Quotation**

- 4.2 Quotations may be invited if the estimated value of the stores / materials is above Rs. 15,000/- (Rs. Fifteen thousand only) and up to Rs. 1,00,000/- (Rs. One lakh only). Copies of Quotation Notice regarding the general conditions of the supply, specification of article etc, should be supplied to all firms to whom enquiries were / are sent. It is not obligatory to publish Quotation notices in the Gazette. At least five working days shall be given for submission of quotation by the supplier from the date of Quotation notice. A specimen copy of “Quotation Notice” is provided in Annexure II.

#### **Purchase of Stores without Quotation.**

- 4.3 Purchase of Stores up to a value of Rs. 15,000/- (Rs. Fifteen thousand only) on each occasion may be made without inviting quotations / bids by the Managing Director, KAMCO.
- 4.4 Emergency items up to Rs. 5000/- (Rs. Five thousand only) can be procured immediately on approval of Managing Director, KAMCO, HOD (Purchase)/ Unit Head by cash purchase. In an emergency situation, cash purchase of articles costing more than Rs. 5000/- (Rs. Five thousand only) shall be procured only on approval by the Managing Director, KAMCO. The emergency situation will also include (but not limited to) loss of man hours, safety of personnel, worker unrest, equipment malfunctions, climate changes, environmental hazards, Acts of God etc.

### **Purchase from Government Sources.**

- 4.5 Purchase of stores / materials from Government sources shall be subject to the following conditions.
- (i) Items manufactured by State Government Institutions / Departments and State Public Sector Industries and Institutions(in part or full quantity) may be purchased from them exclusively without Tenders, the prices being fixed by negotiation after comparing the price of such items available from other sources. KAMCO being a Production Unit – (manufacturer of farmer friendly agricultural machineries), the quality, reliability, durability and commercial aspects of its products have to be maintained for its commercial and financial health in the Industry. Therefore the company follows a policy of preferential treatment in respect of purchase with business firms that comply with the company's quality standards, delivery schedule of materials and optimum price.
  - (ii) A list of Government owned manufacturing Institutions given in Annexure -4 of Kerala Stores Purchase Manual, may be utilized if necessary.
  - (iii) In respect of purchases to be made from the Institutions listed in Annexure -4 of the KSPM, all purchasing officers should see that only those items are purchased which are normally manufactured by them. In the case of Micro, Small and Medium Enterprises under the Kerala State Small Industries Development Corporation Limited, in order to show that a particular item is normally manufactured by a particular unit, such unit should produce a certificate to that effect from the Managing Director, Kerala State Small Industries Development Corporation Limited, Thiruvananthapuram.
- 4.6 Tenders / Quotations are not necessary for the purchase of proprietary items where no alternative or substitute exists, on the recommendation of a Technical Committee. For this purpose the services of the Technical Committee constituted for evaluation and acceptance of tenders given in this manual may be utilized. However, the purchase shall be done with the approval of Managing Director, KAMCO.
- 4.7 Purchase of articles through GeM Portal / other procurement portals may be carried out as per the relevant rules provided in Kerala Stores Purchase Manual.
- 4.8 The purchase of Stores / materials by obtaining tenders / quotations may be dispensed with during the instant of natural calamity or any other emergency as declared by the Government.

## TENDERS

### Types of Tenders

4.9 Tenderers should be invited if the estimated value of the stores to be purchased is above Rs. 100000/- through any one of the three types of the Tender mentioned below as the case may be

- (i) Limited Tender (in Manual or Electronic Mode)]
- (ii) Open Tender(Advertised Tender)
- (iii) Single (Private Purchase)

#### Note

*1.The company may resort to proprietary tender in case of procurement of items recommended/adopted by R&D/Design Department for project items and Original Equipment Manufacturers(OEM) like spares/sub assemblies/components etc under Group II in 3.1 supra as duly certified by the user department or R&D as classified under this category. A competent officer in the level of General Manager and above should certify that the procurement is of proprietary in nature in the format at **Annexure XII (Proprietary Certificate)**.*

*2.Except in case of purchase of item under Group-II from already approved/proprietary/Developed sources and where License agreements/ Long term contract are in force, Rate/ running contract or other long term supply agreements should be entered with reliable and established sources of supply only after obtaining competitive offers through open tender or limited tender or as the case may be.*

*3.In exceptional circumstances, having regard to the intricate and sophisticated nature of valid item under group II required to manufacture equipments of varied nature and capacity for the core sector and the paucity of available source to meet our requirement in required quantity and quality, the limited tender system should be followed for all the items under Group II. Limited tender is also resorted to prevent the drawings of Company getting in to possession of spurious spare parts manufacturers.*

### Limited Tender

4.10 The limited tender system may be adopted whenever the estimated value of the order to be given is above `1,00,000/- and upto `10,00,000/-.

4.11 The limited tender system may also be adopted instead of the open tender system even when the estimated value of the stores to be purchased is above `10,00,000/- in the following cases:

- (i) When there are sufficient reasons for holding that it is not in the public interest to call for tenders by advertisement. In every such case the purchasing officer must record the reasons and communicate them to the Accountant General, confidentially, if necessary.
- (ii) When the Purchasing Officer is satisfied that there is serious risk or inconvenience or loss to the public service by arranging the purchase by the Open Tender system or when the articles are urgently required. In every such case the Purchasing Officer must place on record the nature of the urgency and the reasons why a deviation from the general rule has been rendered necessary.

4.12 Copies of the bidding document (Limited Tender) should be sent, free of cost, directly by speed post/registered post/courier/e-mail, simultaneously to all the firms, which are borne on the list of registered suppliers for the Stores in question. The number of supplier firms in Limited Tender should be more than three. Efforts should be made to identify a higher number of approved suppliers to obtain

more eligible bids on competitive basis. Website publicity should also be given for Limited Tenders; however, the company can limit the access of the tender documents to only the selected prospective suppliers by issuing them password to have access to the document.

***Open Tender and Manual Tender (Both e-Tenders and Manual Tenders)***

*In general E-Tenders will be considered only for minimum PAC value of 5 Lakhs and above*

- 4.13 The open Tender system i.e.; invitation to Tender public advertisement should be used as a general rule and must be adopted whenever the estimated value of the contract is Rs.10,00,000 – or more, subject to the following exceptions.
- 4.14 *In the case of purchase of Sub assemblies, spares, components, etc under Group II or spare parts for repair/maintenance invitation of Tenders in such cases may be restricted from vendors comprised in the Approved Vendor List as detailed in Chapter VI after obtaining the prior approval of R&D Department or User Department and with the concurrence of the Managing Director KAMCO.*
- 4.15 Wide publicity shall be given to Tender notification. Short Tender notices shall be published in the Company's website and also if necessary in one or more leading regional language newspapers having wide circulation in the area from where the supplies are normally obtained. It is not mandatory for advertising the Tenders in Newspapers, as the Tenders will be appearing in KAMCO Website till the closing dates.
- 4.16 In the case of purchases of heavy capital machinery, imported stores and other stores which cannot be obtained even with wide publicity at all India level, the Tender notices may be published in English National Newspaper, Govt. website, Company website and also in the Indian Trade Journal published weekly from Calcutta by the Director General of Intelligence and Statistics.
- 4.17 In addition to the publication, Short Tender notices should be sent to maximum registered firms in the line and also to other reputed dealers.

**Single Tender (Private Purchase)**

- 4.18 Obtaining quotation by issuing single tender enquiry to a selected source amounts to purchase without generating competition. Therefore this mode of purchase should be resorted to only in unavoidable

situations. The single tender system may be adopted:

- (i) When the articles required are of a proprietary character and competition is not expected to be advantageous.

NOTE: The word proprietary is defined as an item which is manufactured by one and only one manufacturer and/or which is a patent or speciality to which tender system cannot be applied with advantage.

- (ii) When, owing to the greater promptitude of supply by particular agencies of the special manufacturer of some articles by certain firms, substantial economy can be effected by deviating from the tender system, Purchasing officers may purchase such articles directly from the firms or agencies concerned on the advice of an Expert Committee (when necessary) and the purchase committee after considering the reasonableness of the cost fixed. (iii) In a case of emergency, the required Stores are necessarily to be purchased from a particular source subject to the reason for such decision being recorded and approval of the competent authority obtained prior to the purchase. (iv) For standardization of machinery or components or spare parts to be compatible to the existing sets of machinery/equipment (on the advice of a competent technical expert and approved by the Managing Director), the required Stores are to be purchased only from a selected firm.

- 4.19 When owing to the greater promptitude of supply by certain firms / particular agencies of the special manufacturer of some articles, if substantial economy can be effected by deviating from the Tender system, the Purchasing Officer / Officer in charge of procurement may purchase such articles directly from the firms or agencies concerned after considering the reasonableness of the cost fixed.
- 4.20 In a case of emergency, if the required stores are necessarily to be purchased from a particular source, it may be done subject to such decision being recorded and approval of the Managing Director, KAMCO obtained prior to the purchase.
- 4.21 For standardization of machinery or components or spare parts to be compatible to the existing sets of machinery / equipment (On the advice of a Technical Committee and approved by the Managing Director, KAMCO) the required stores / materials are to be purchased only from a selected firm.
- 4.22 When the bill for a purchase made under 'Single Tender' is sent for audit, the purchasing officer should record a statement explaining briefly the necessity for deviating from the Open Tender system.

### **Tender Form**

- 4.23 Tenderers may be generally advised to submit the Tenders in sealed cover in the Tender form prescribed by the company, on or before the last date specified in the Tender. The company may use a customized Tender form incorporating the details as given in Para 4.36 and Annexure-VIII of this Manual.
- 4.24 In the case of E-Tenders, the uploading of all documents and other mandatory activities will be done online in Kerala e-Tender portal <https://www.etenders.kerala.gov.in> or suitable platform as decided by the Managing Director, KAMCO.

**Cost of Tender form & Earnest Money Deposit (EMD)**

- 4.25 This is applicable in the case of Open Tender only (for Group I items) and 0.15% of the total approximate cost of the tendered article or a minimum Tender fee of Rs.300/- per Tender plus taxes applicable, whichever is greater is payable. In the case of Government Undertakings / Departments / Small Scale Industries duly registered, the Tender documents will be sent by email, to be downloaded by them. The form will also be made available in KAMCO website. Furnishing of EMD, Tender Fee and Security Deposit, performance security etc, shall also be relaxed in cases where no tender has been received in response to an enquiry and a retendering becomes necessary. EMD will be 1% of the PAC for Open Tenders under Group I.
- 4.26 The Managing Director may by general or special orders dispense with EMD in the case of firms of established repute. Further, if Government or any authority authorized by Government by general or special orders has exempted any firm of repute and standing from furnishing earnest money, the order shall be applicable to KAMCO also.
- 4.27 Tender forms can be downloaded by interested participants either from mail or website. The cost of Tender forms/ EMD may be accepted in cash, Demand Draft or by RTGS only. Postal orders, Postal stamps or bank cheques will not be accepted.

### **Forfeiture of EMD**

- 4.28 EMD of a tenderer will be forfeited, if the tenderer withdraws or amends its tender or impairs or derogates from the tender in any respect within the period of validity of its tender. Further, if the successful tenderer fails to furnish the required performance security within the specified period, its EMD will be forfeited.
- 4.29 In all cases of Rate / Running contracts priced Tender forms are essential, unless otherwise decided by the Managing Director, KAMCO of the company with valid and justifiable reasons.
- 4.30 A tenderer may download the Tender form from the official website of the company. In that case, the tenderer should remit the cost of the Tender form by Demand Draft of nationalized banks and should submit such tenders along with the cost prescribed including taxes.
- 4.31 At least three quotations should be invited for the purchase effected as per Para 4.2. In such cases, firms can submit their quotations in their own commercial papers.

### **Issue of Tender**

- 4.32 All Tender enquiries should be sent by e mail or by post but tenderers should be asked to send quotations in sealed cover. Tender enquiries can also be uploaded in the website of the company so that interested parties can download the tender details.
- 4.33 The Tender enquiry shall contain a clause on the following.
  - (i) Price Negotiation:  
There will be no price negotiations, if the competition is adequate, offers are technically acceptable and prices are considered reasonable.
  - (ii) Canvassing / Unsolicited letters / Post Tender corrections:  
Canvassing by Tenderers in any form including unsolicited letters on Tenders submitted or post tender corrections shall render their Tenders liable for summary rejection.
  - (iii) Precedence Clause:  
In the Tender document / Quotation the price written in words will be ultimately considered for commercial evaluation ignoring numerical figures in case of discrepancy noticed between the numerical figures of price and price written in words.

### **Time Schedule**

- 4.34 In all cases of invitation of Tenders, care should be taken to see that sufficient time is allowed to the tenderers to submit their Tenders. In fixing the date for the receipt of Tenders, the Purchasing Officer should take into account the time required for publicity, for the receipt of Tender forms by the tenderers and the preparation and despatch of the Tenders. He may exercise his discretion about the last date for the receipt of Tenders keeping in mind the nature and supply position of the articles required to be purchased. For deciding the minimum number of days guidelines given in the State Stores Purchase Manual may be adhered to.
- 4.35 Under the e-procurement system, the bids shall be submitted online and parallel submission of commercial bids through paper format is not allowed. Time for submission of the bids online will be as given under the particular Tender notice.

### **Text of Tender inviting Notice**

- 4.36 Notice inviting Tender for an open tender shall contain all the salient features of the requirement in brief to give a clear idea to the prospective tenderers about the requirements. Superfluous details may be avoided to reduce the advertisement cost. The Tender notice should contain
- (i) Description and specification of the stores and quantity.
  - (ii) Period and terms of delivery.
  - (iii) Cost of Tender / bidding document.
  - (iv) Amount and Form of bid security /EMD
  - (v) Location of Delivery
  - (vi) Important Dates
  - (vii) Liability Period
  - (viii) Payment period
  - (ix) Courts Jurisdiction
  - (x) Any other relevant information.

- 4.37 The important terms and conditions of Tender are given in Annexure-VII.

## MODE OF PURCHASE FOR ITEMS FOR PRODUCTION AND SPARE SALES

### Group II

4.38 The items required for production and spare sales are generally components manufactured as per the design provided by KAMCO and also requires stringent inspection and testing methods for meeting the minimum quality level. These items are to be supplied by manufacturers having particular machineries, dies, tools, fixtures, jigs etc. Considerable investment is also required by manufacturers to meet the above criteria. Hence these items shall be procured from the qualified vendors (**vendors qualified through evaluation of technical bid**) based on their capacity, infrastructure, track record etc. Items under Group II will also include the consumables used for production. *The process of identifying the qualified vendors is described in Chapter VI for items under Group II.*

4.39 *Open Tenders with Two-Bid system (in Manual or Electronic Mode) for items which value is above Rs.10,00,000/- (Rupees Ten Lakh) should be invited for procuring items*

4.40 If the items cannot be purchased as per the production requirement (in the absence of sufficient valid bids / unreasonably high rates / insufficient quantity or any other reason) through tender, then for avoiding production stoppages, the item shall be procured from the existing source or other available sources through negotiated contracts (as explained in Chapter-V). This is mainly done to ensure the availability of items keeping in mind the investment required by the supplier. In such cases, price variation clause, will also be considered as per the fluctuation of raw material, process costs, labour costs, transportation costs, power tariff and other related costs.

4.41 In a situation where the Supplier/ Suppliers sourced through Tender fails to fulfill the supply of entire quantity of items required by the company, the option of procuring part quantity from any other source will be explored and this procurement will be through negotiated contract. In such contracts the price arrived shall be reasonable and subject to the approval of the Board of Directors of the Company.

### Cost of Tender Form & EMD

4.42 This is applicable in the case of Open Tender only. EMD & Cost of Tender Forms for Open Tenders on flat rate basis (Items under Group II) will be as follows:

- i) Tender Value- 5 Lakh – 10 Lakh – Rs.5,000/-
- ii) Tender Value-Above 10 Lakh upto Rs.25,00,000- Rs.10,000/-
- iii) Tender Value Above 25,00,000 – Rs.50,00,000/- Rs.25,000/-
- iv) Tender Value Above 50,00,000-Rs.1,00,00,000- Rs.50,000/-
- v) Tender Value Above 1,00,00,000- Rs.1,00,000/-

- 4.43 The Cost of Tender collected will be 1% of the above EMD fixed, with minimum of Rs.300+GST as applicable. The value of the Tender (PAC) will be calculated considering the approximate quantity of the items required for a period of one Year, even though the quantity in Tender is for more than one Year requirement. For Limited Tenders (Group II items) / Limited Cum Open Tenders, the Cost of Tender Form will not be applicable. EMD for these Tenders will be on a flat rate as detailed above. Exemption as per Govt. Rules will be applicable. This is to ensure maximum participation in Tenders. In the case of Government Undertakings / Departments / Small Scale Industries duly registered, the cost of tender form and EMD will not be applicable.
- 4.44 To ensure due performance of the contract, Performance Security is to be obtained from the successful bidder who is awarded the contract. Performance security is to be obtained from successful bidder for a contract value above Rs.1,00,000/-. Five percentage payment from each bill shall be deducted towards performance security and this shall be released on completion of supply as per purchase order. Alternatively the supplier can be allowed to furnish Bank Guarantee towards performance security.
- 4.45 The performance security should be equivalent to 5% of the total value of the contract rounded to the nearest rupee. The manner in which security is to be furnished shall be indicated in the Purchase order.
- 4.46 The EMD may be treated as part of the performance security of the successful bidder and only the balance amount of performance security need be called for from the firm.
- 4.47 For items under Group II EMD / Security Deposit / Cost of Tender Fee will not be applicable, on retendering done due to insufficient qualified bids, lack of competition & unreasonably high / low rates in the open tender also. This is envisaged to ensure participation of more bidders.

## **CHAPTER – V**

### **PART -A**

#### **RATE AND RUNNING CONTRACTS**

- 5.1 All items which cannot be procured economically through tender process and which are in common and regular demand and the prices of which are not subject to appreciable market fluctuations may be purchased on the basis of Rate or Running contract, whichever is most suited to the circumstances of each particular case.
- 5.2 In the case of articles which cannot be stocked conveniently in the store with safety and convenience, the system of Running contract may be adopted. A Running contract is a contract for the supply of an approximate quantity of stores at a specified price during a certain period.
- 5.3 Running contracts may be settled for the supply of articles during a whole year or a part thereof. In settling Running contracts all the rules relating to the ordinary contracts like invitation of Tenders, Earnest Money Deposit etc. should be followed and in addition special provision should be made to safeguard the company's interests and to ensure regular supplies.
- 5.4 A Rate contract is a contract for the supply of stores at specified rates during the period covered by the contract. No quantities are usually mentioned in the contract and the contractor is bound to accept any order within the contract period.
- 5.5 The Purchasing Officer can avail the Rate contracts settled by GeM and the Stores Purchase Department of the State, wherever it is economical and easier to do so. In the case of items for which Rate / Running contracts settled by the Stores Purchase Department or a Running contract settled by the company exists, it is obligatory to avail themselves of those contracts.

#### **Operation of Rate contracts**

- 5.6 Supplies are to be obtained against a rate contract by placing on the rate contracted firm Purchase order containing the quantity of the goods to be supplied and incorporating the prices and other relevant terms and conditions of the rate contract. The officials placing such purchase orders should be duly competent and authorized to do so. Copies of the purchase order are to be endorsed to all concerned.

### **Placement of Purchase Order**

5.7 A Purchase order under the Rate / Running contract should generally contain the following details.

- (a) Rate Contract Number and Date
- (b) Quantity (Where there is more than one consignee, the quantity to be despatched to each consignee is to be indicated)
- (c) Price
- (d) Date of delivery by which supplies are required. (In the Purchase order, a definite delivery date based on the delivery period stipulated in the contract is to be provided)
- (e) Full address of the company along with Tel. No., Fax No., and E-mail address.
- (f) Complete and correct designation and full postal address of the consignee(s)
- (g) Despatch instructions.

### **PART –B**

#### **Negotiated/Long Term Contracts**

5.8 When owing to greater promptitude of supply, by particular agencies of special manufacturer of some articles by certain firms, substantial economy can be effected by deviating from the tender system. Officers, may, after negotiation, purchase direct such articles from the firms or agencies concerned. This rule will apply only to patents and specialties to which tender system cannot be applied with advantage

#### **Pattern Charges / Development Cost of Die / Tool**

5.9 Normally, pattern charges/development cost of die/tool is to be borne by the suppliers. However, in regard for intricate items, pattern cost in lump sum may be negotiated and paid to the supplier, reserving the rights of KAMCO to place further indents/orders up to a pre-determined total quantity with no further charge/payment for pattern charges. In regard to die charges, the reasonableness will be assessed and accepted based on the merits of each case in its totality. Unlike in the case of pattern, the charges are for the erasable portion of the die.

- 5.10 Tooling charges, cost of welding fixtures, inspection fixtures etc. can be paid for structural and fabrication work and they have a long life. Vendors should be asked to quote separately for the cost of pattern/die/tools so that the same can be negotiated for as onetime payment and also the procurement price of castings forgings, other raw materials etc., from time to time from the vendors will not be vitiated, besides serving to have control on the payments made till KAMCO obtain the full quantity during the life period of Patterns/Dies/Tools.
- 5.11 However, as a special case where justified, Aluminum and Metal pattern charges, die costs etc., may be admitted for intricate items for second time, after availing full quantity till the life period of the wooden or metal patterns or dies for which payment was made earlier. The patterns/dies/tools would be KAMCO's property and they shall not be used by the firms for manufacturing parts/components for parties written permission other than KAMCO. The Bills payable unit should maintain a register indicating payments made to vendors towards the cost of pattern/die/tool and also the period over which the same should last or the quantity for which the same was paid for.

## CHAPTER – VI

### PROCEDURE FOR PURCHASE

#### VENDOR DEVELOPMENT

- 6.1 It is imperative to organize concerted efforts to promote and to develop alternate sources of supplies for ensuring the availability of components for production as well as spare sales in time. The objective is to have minimum 3 sources in order to reduce dependence on single source and to avoid production held up which would lead to huge losses. For this purpose, a vendor development committee shall be constituted by the Managing Director, KAMCO.
- 6.2 The procedure to be followed is outlined below:
- (i) The vendor development committee based on the feedback from concerned depts. will decide the items to be taken up for development
- Probable source may be identified through following methods*
- (a) Existing Vendors and or response from Exhibitions.*
- (b) If the items are not available through the Open Tender due to insufficient bids or other reasons in required quantity, such items can be procured from the suppliers in the Approved Vendor List in order to avoid Stoppage of production and spare sales. Limited tenders among suppliers from Approved Vendor List is agreed to subject to the condition that the company should ensure revision/updation of the vendor list every year. For this Company should adopt the procurement of Group II items from the Approved Vendor List subject to the various conditions as stipulated in issue No.5 of the Office Order No.43/7/04 Dated.2.7.2004 of Central Vigilance Commission.*
- (1) Advertisement in minimum three national dailies Should be published every year inviting application for enlistment / registration of vendors along with advertisement in the website of KAMCO.*
- (2) The required performan for registration and pre-qualification criteria should be available in the Website.*
- (3) The applications may be scrutinized by Vendor Development Technical Committee and assessment should be done for verifying the facilities of the applicants, if required.*
- (4) The name and address of vendor registered through this process should be included in the vendor list after approval of the samples submitted by them and execution of trial orders awarded on them*
- (5) The approved Vendor List with additions or deletions if any should be placed before the Board of Directors (consist of Government Nominees also) for approval with recommendation of the Vendor Development Technical Committee and Managing Director.*
- (6) KAMCO should give web based publicity for limited tenders also except for items of minor value. If KAMCO desires to limit the access of the limited tender documents to only registered vendors, the password access should be given to all registered vendors for that particular item.”*

- (iii) Enquires shall be sent through Mail/Post.
- (iv) Quotations shall be collected from the interested parties and who are registered with KAMCO.
- (v) Quantity, if required for the purpose of development, may be increased beyond the budget quantity, keeping in mind that this can be used for subsequent year also. Quantity considered for placement of development orders should be mutually acceptable, taking into account the item involved, unit price, amount involved, tooling, and development expenditure, (if any involved) and economic batch quantity.
- (vi) The rates for the existing item developed by the new vendor should normally be less than or equal to the existing L<sub>1</sub> rates. If the item could not be developed at the L<sub>1</sub> rates, approval from the Managing Director, KAMCO may be taken to develop it at a higher rate. For assessing the reasonableness of the rates in such cases, cost estimate for such items may be worked out and duly approved by Vendor Development Technical Committee (constituted for this purpose) and this may be compared with the quoted/negotiated rates.
- (vii) For newly developed items developed with a vendor, the rate should be compared with the cost estimate as per engineering cost analysis, and ensure that the rates agreed by KAMCO are reasonable.
- (viii) Other than the no. of existing suppliers for the items being developed, focus should be on the requirement of additional supplier to bridge the requirement to avoid production held up.

6.3 The final approval for releasing the Purchase order will be done after following the procedures as required.

6.4 A master list of Suppliers of the various items shall be maintained by the Company as follows:

- (a) Items for which there is only one Supplier or Proprietary items (shall be maintained separately).
- (b) Items for which there are more than one Supplier.

6.5 The list shall be updated periodically, incorporating the additions / deletions and a copy of the updated list shall be made available to all the departments concerned of the Company. An updated master list of Suppliers is given in Annexure –IV

## **Preparation of Vendor List**

6.6 An approved Vendor list is prepared by the Company based on the following criteria.

- (a) Previous demonstrated performance (delivery, quality etc.) of the Vendors by their ability to supply the required materials for the past one year. Additional items on these established and approved Vendors are subject to the approval of the Vendor Development Committee.
- (b) Reputation in the market for the quality of proprietary products.
- (c) Assessment and certification of the Vendor's Quality system to National / International standards by an independent body.
- (d) Assessment by the Company personnel onsite.
- (e) Evaluation and approval of Product samples.
- (f) Published experience of other users.

6.7 Names of suppliers approved under each group (Group classification is attached in the Annexure-1). The approved Vendor list shall be updated periodically incorporating the additions / deletions and a copy of the updated list shall be made available in purchase, materials and quality assurance departments of all units to all the departments concerned of the company. An updated approved vendor list is given in Annexure- IV)

6.8 The Vendor Development Committee shall be constituted by the Managing Director.

6.9 For suppliers approaching for registration, the following procedure will be adopted.

- (i) Acceptance of duly filled up registration forms.
- (ii) Processing of details and approval by Vendor Development Committee.
- (iii) Inspection and assessment of the premises of the Supplier by technical personnel designated by the Company and submission of Vendor Evaluation Report, based on suppliers capacity, quality, price and delivery competence.
- (iv) Based on Vendor Evaluation Report, samples are called for from the Suppliers for approval.
- (v) Based on the sample inspection report by Quality Assurance Department decision is taken to register the new Vendor by the company.

6.10 Vendor list is approved by the Head of Materials department and communicated to all units and officers concerned of the company.

- 6.11 Based on the annual budget projection of the company and spare parts sales forecast by Marketing department, the Materials department makes a purchase plan of the required quantity of components for the products manufactured by the company. This assessment will be done taking into consideration the stock available and pipeline supplies expected.
- 6.12 Annual spare parts sales forecast projected by marketing is also taken into consideration to arrive at the quantity.
- 6.13 The purchase plan of requirements should contain details of item code, description, quantity, and delivery schedule. The quantity and delivery schedule should be suitably linked to the Production Plan taking into account the stock available, pending orders and the lead time for procurement.
- 6.14 Wherever a group of items forms a kit, it may be preferable to procure as a kit to ensure better performance and fix warranty responsibility. In such cases, all kit items can be covered under one single purchase request. It should be mentioned in the Tender enquiry that competitiveness of the offers will be evaluated based on the offer for total kit. Prices for individual kit items can also be obtained to facilitate negotiations. In case there is no offer for the total kit, the HOD (Materials) can take a decision whether to accept the offer for partial kit or procure all loose items individually.
- 6.15 Purchase proposals are prepared in standard format based on the Purchase Plan for all units of KAMCO put together.
- 6.16 The proposals are then audited by the Internal Auditor of the Company and are put up to appropriate authorities for approval.
- 6.17 Having regard to the intricate and sophisticated nature of varied items required to manufacture and market machines, implements, accessories etc. of varied range and capacity for the farming sector and the paucity of available resources to meet the requirements in required quantity and quality, the tender in two bid system will be followed by KAMCO for the procurement of all production items (Group -II). Tender enquiries will be published in the website of the company. Any manufacturer who is not included in the approved vendor list can also participate in the tender. However the acceptance of the tender will be subject to the assessment based on evaluation of the facilities and track record of the tenderer.
- 6.18 Where a relaxation is required for calling for Tender, the item being proprietary / patented one as per the list attached in the Annexure-1, or urgently required to be procured on a Single Tender basis, approval shall be taken from the Managing Director,

KAMCO.

- 6.19 Repeat order without calling for fresh Tender may be placed with established and reputed vendors against the previous order within six months of its expiry, provided the quantity is not exceeding 50% of the originally ordered quantity. This also requires the approval of the Managing Director, KAMCO.

#### **Selection of Offers and Acceptance of Tender**

- 6.20 The Tenders received shall be opened in the presence of tenderers who may choose to be present and representatives one each from the Purchase Department, Internal Audit Department, Materials/User department. The procedure in opening Tenders may be seen in Annexure -III. In the case of open e tenders technical bids will be opened directly and put up for further evaluation by Committee for evaluation of e tender.
- 6.21 A standing Technical Committee shall be constituted with competent officials to be decided by the Managing Director, KAMCO to oversee Tender procedures including evaluation.
- 6.22 The Technical Committee shall be constituted by the Managing Director from time to time.
- 6.23 Technical bids are evaluated with reference to quality, delivery, terms of dispatch, specifications, payment terms, validity of the offer, capacity of the supplier, etc. and based on the performance rating, if any of the vendors are approved and continuing supply in the preceding financial year. Accordingly, a comparative tabulation sheet is prepared.
- 6.24 Performance rating of the Vendors will be carried out by KAMCO on a periodic basis in line with the requirements in the ISO manual.
- 6.25 While evaluating Tenders, any deviation from the tendered specifications, delivery period or normal terms and conditions and any special conditions, assistance etc. stipulated by the supplier shall be specifically recorded.
- 6.26 All management decisions are based on the information tabulated in the Tender evaluation sheet, by the officials concerned.
- 6.27 On evaluation, Tenders shall be endorsed as L<sub>1</sub>, L<sub>2</sub>, L<sub>3</sub>etc. to indicate 1<sup>st</sup> lowest, 2<sup>nd</sup> lowest, 3<sup>rd</sup> lowest and so on. All other terms (esp. quality and delivery terms) being equal, normally L<sub>1</sub> shall be accepted. If any Tender is not accepted or not included for consideration, the reasons for the same shall be recorded in the comparative price statement.

6.28 While accepting the Tenders, deviations of the following nature should be referred to the Technical Committee for tender evaluation and for further approval.

- (i) When there is one or zero bid after the limited tender, open tender may be resorted to. Where only one valid quotation is received even after the open tender and the Tender value is more than Rs. 5 Lakhs.
- (ii) Acceptance of offers where specifications are relaxed from those indicated in the Tender.
- (iii) Procurement of proprietary items and procurement on Single Tender basis of value more than Rs. 5 Lakhs.
- (iv) Grant of extension of delivery time beyond one month and up to two months from the stipulated date of delivery. Extension beyond 60 days shall be referred to the Managing Director, KAMCO for approval after the recommendations of the Technical Committee.
- (v) (a) Acceptance of excess supply against the ordered quantity in the purchase order will not be allowed / permitted without amendment of purchase order and approval by the Managing Director, KAMCO. Amendment to the Purchase order for admitting excess supplies will be approved by the same authority which approved the original purchase order provided the amended value is within his financial powers.  
  
(b) Normally 100% quantity excess of the purchase order can be allowed if it is seen that such excess quantity can be absorbed in the Production Line. The payment for such excess will be deferred as adjudged by Purchase Committee.
- (vi) Emergency purchase exceeding Rs. 1 lakh. (post facto approval)
- (vii) Recommendation for waiver of liquidated damages.
- (viii) Any other matter which the concerned Officer desires to refer from time to time.

### **Division of Supply**

6.29 (a) The clause for division of supply in the case of items for which three suppliers are sourced through tender will be as follows:

- L<sub>1</sub> - 60%
- 100% (if no other tenderers agree to L<sub>1</sub> rate)
- L<sub>2</sub> - 20% provided L<sub>2</sub> agrees to supply at L<sub>1</sub> rate.

- 40% (if L<sub>3</sub> is not willing at L<sub>1</sub> rate or there are only two tenderers)
- L<sub>3</sub> - 20% provided L<sub>3</sub> agrees to supply at L<sub>1</sub> rate.
- 40% (if L<sub>2</sub> is not willing at L<sub>1</sub> rate)

Further, the division of quantity can be extended to L<sub>4</sub> or further down in that order if L<sub>2</sub> or L<sub>3</sub> is not willing to accept L<sub>1</sub> rate.

- (b) In the case of items for which two suppliers are sourced through tender
  - (i) 60% of the total order quantity will be released to L<sub>1</sub> tender
  - (ii) 40% of the total quantity will be released to L<sub>2</sub> tenderer (at L<sub>1</sub> rate) or any other participants in the tender who is willing to supply at L<sub>1</sub> rate.
- (c) In the case of items for which only one supplier is sourced through Tender: 100% of the total order quantity will be released to L<sub>1</sub> Tenderer.
- (d) In the case of items for which there are two L<sub>1</sub> Tenderers:
  - (i) 80% of the total order quantity will be divided equally among two L<sub>1</sub> Tenderers.
  - (ii) 20% of total order quantity will be released to L<sub>2</sub> or any other participants in that order who agree to supply at L<sub>1</sub> rate.
- (e) In the case of items for which there are three or four L<sub>1</sub> tenderers: Total order quantity will be divided equally among the L<sub>1</sub> tenderers
- (f) Division of quantity, if any of the tenderers is not supplying the items: In the case of a defaulting supplier, if no supply had been effected till the last day of February of the current year, as per the Purchase orders released up to the end of the preceding calendar year, the share of items to be allotted to that supplier, will be distributed equally among other tenderers who agree to supply at L<sub>1</sub> rate.
- (g) In order to ensure uninterrupted supply of items three suppliers are desirable for each item. In such case(s), the Tendered quantity may be divided among two or three developed and reliable sources with a view to have more than one source as a prudent measure.

6.30 As a general rule, price variation from the lowest Tenderer (L<sub>1</sub>) shall not be allowed in case order to supply full or part of the Original demand is placed with L<sub>2</sub> or L<sub>3</sub>. But to facilitate purchase of production items to avoid stoppage of production it becomes imperative to place orders with L<sub>2</sub> or L<sub>3</sub> as the case may be. In such situations the matter may be referred to the Technical Committee who shall decide the extent of price variation from the L<sub>1</sub> tenderer with proper justifications, subject to a maximum of 10%

of the individually quoted items or 10% of the total tender amount.

#### **Tolerance Clause**

6.31 To take care of any change in the requirement during the period starting from issue of Tender enquiry till placement of the contract, a plus / minus tolerance clause is incorporated in the Tender document, reserving the purchaser's right to increase or decrease the quantity of the required stores up to that limit without any change in the terms and conditions and prices quoted by the Tenderers. Generally the tolerance limit should not be more than plus / minus fifty percent.

#### **Re-Tendering**

6.32 Retendering shall be resorted to in the following conditions.

- (a) When the quoted prices are unreasonably high.
- (b) When a cartel formation is suspected and prices have been manipulated.
- (c) Material change in the basic specification has been introduced after receipt of Tender.
- (d) If all the offers fail to meet desired specifications.
- (e) Firms withdraw the offers or do not agree to extension of validity in case it becomes necessary.
- (f) Without any specific reason if KAMCO desires so.
- (g) Lack of competition.

#### **Lack of Competition**

6.33 Sometimes, the Purchase department may not receive sufficient number of Tenders, in the Limited tender process. A situation may also arise where, after analysing the tenders, the Purchase department ends up with only one eligible tenderer or receives zero bid. In such situations, open tender shall be resorted to. The Materials department is first to check whether while floating the Tender enquiry, all necessary requirements like standard tender enquiry conditions, industry friendly specification, wide publicity, sufficient time for formulation of tenders etc. were fulfilled. If after scrutiny it is found that all such aspects were fully taken care of and in spite of that the purchaser ends up with one eligible tender only even after the open tender, then contract may be placed on that tenderer provided the quoted price is reasonable.

6.34 Re-Tendering shall be resorted to only after obtaining the approval of the Managing Director, KAMCO. In case of stock out, a part quantity may be purchased on an emergency basis.

**Publication of Tender Result (Synopsis only)**

6.35 The name of the successful tenderer should be published in the web site of the company.

**Agreement**

6.36 An agreement should be entered into with all bidders for the satisfactory fulfillment of the contract and for keeping the confidentiality of the information provided for execution of this order, embodying the conditions of the tender and providing for the necessary penal clauses for any breach of the conditions of the contract. This agreement shall be executed and furnished along with each tender, by the participating tenderer.

6.37 Purchase orders are released separately for each unit of KAMCO after obtaining approvals from competent authorities and a copy of the order is forwarded to the units concerned.

## **CHAPTER – VII**

### **PLACEMENT OF PURCHASE ORDER**

- 7.1 The Materials department will release the Purchase orders in the prescribed format with relevant terms and conditions. (The specimen format is given in the Annexure-V)
- 7.2 The Purchase order shall indicate the items to be supplied along with quantity, rate per unit, total value, duties and taxes, packing and forwarding clauses, schedule of delivery etc.
- 7.3 The Purchase order should provide for liquidated damages in the case of delay in delivery.
- 7.4 The specification of the item being purchased should be clearly indicated in the Purchase order or in the drawings provided. So also the Item Code. Adequate information including drawing references, component code etc. shall be reviewed and latest revisions are included in the Purchase order communicated to the vendor.
- 7.5 The Purchase order should be released only after obtaining sanction from the Managing Director, KAMCO. Purchase orders may be signed by the officers who have the delegated authority to approve the same.
- 7.6 In any emergency cases / extra-ordinary circumstances, the Purchase orders may be released after clearance from the HOD (Materials), recording reasons and post facto approvals taken from the Managing Director, KAMCO.
- 7.7 The Purchase order may be sent to the Supplier in duplicate and the Supplier may be advised to return a copy duly sealed and signed for company records. A letter of acceptance from the Supplier in lieu of the signed duplicate copy of the order may also be accepted.
- 7.8 The Purchase order shall always contain the Terms and Conditions of supply.
- 7.9 The ordered items may undergo verification at Vendor's premises depending on the situation decided by the Management. Site inspected items received will have evidence of inspection by Quality Assurance staff, supported by an inspection report and the final acceptance is subject to approval by Quality Assurance Section Head.
- 7.10 The Purchase / Materials department shall maintain a Register of Purchase Orders issued. This Register shall be timely updated, verified and reviewed periodically. This can be done in the computer also.

### **Follow up with Vendors**

- 7.11 Regular close contact is maintained with the Vendors so that regular and uninterrupted supplies are maintained as per the Purchase order.
- 7.12 In case one or more items supplied by a vendor comes under 50% continuously for 3 quarters with regards to quality rating or delivery rating, the Vendor will be proceeded against as advised by the management. However, if Vendor Performance rating is continuously between 50 – 70%, departments will try to improve the Vendors and if no improvement is seen, this will also be referred to the Management Review Meeting for appropriate decision.
- 7.13 If any deviation in the technical specification is sought for by the Vendors, clearance for such supplies will be obtained from Quality Assurance department in writing and such deviations will be applicable for the particular supply / batch only.
- 7.14 Requirement of deviations in technical specifications required to overcome procurement / production / process problems and customer complaints, clearance of design review committee will be sought as per the procedure. The Design Review Committee will be constituted by the Managing Director from time to time.
- 7.15 Whenever amendments are issued to the procurement drawings, the revised copies of the drawings are forwarded to the concerned Vendors with a request to return /destroy the obsolete issue of drawings. The revision levels of drawings issued to Vendors are entered in the “Drawing Issue Register” and the revision status is shown in the Purchase order amendment.

### **Amendments to Purchase Order**

- 7.16 If any of the terms and conditions stipulated in the original Purchase Order is to be amended due to various reasons, the same procedure as applicable in the case of issue of the original Purchase order may be followed, for issuing the amendment to the Purchase order. Amendment to the Purchase orders to be issued on account of price revision, quantity increase etc. shall be signed by an officer who originally approved the Purchase order. Proposals for amendment of price shall be approved by the Managing Director.
- 7.17 Purchase order amendments for changes in delivery schedule are issued by Purchase departments of respective units.

## **CHAPTER – VIII**

### **INSPECTION, RECEIPT OF MATERIALS AND PAYMENT**

#### **Receipt of materials ordered**

- 8.1 On receipt of the materials in the Stores / Units, a Receipt Control Voucher (RCV) is raised and the material is offered for Inspection.
- 8.2 The Store / Unit Managers shall verify the materials received and report to the Purchase department regarding excess / short supplies, damage to items etc.
- 8.3 Based on this report, the Purchase department will inform the Supplier of the shortcomings/ excess quantity, quantity of damages items, rejected materials etc. and initiate action for replacement / reimbursement of money in case payment has already been made before receipt of materials.
- 8.4 In case loss /damage has occurred in transit and the Insurance is with the company's scope, the Purchase department shall lodge claims with the Insurance company within the stipulated time. Once the claims are lodged, a survey is generally conducted by the Insurance company. Based on the survey report and other documents called for by the Insurance company, a settlement will be made for the loss.
- 8.5 The rejected materials for which payment has not been made will be removed and disposed off as scrap, in case the Supplier fails to remove them within a reasonable time (at the supplier's expense) from the date of intimation of rejection. The reasonable time shall not exceed two months.
- 8.6 If material defects are noticed during Production / Manufacturing, the Supplier should be intimated promptly by the company for appropriate disposal without KAMCO incurring production loss and also to arrange necessary replacement / modification / repair as required.

**Company's Right of Rejection:**

- 8.7 The Company has the right to reject the items on receipt at site during any stage though the items have already been inspected and cleared at pre-despatch stage by the company's Inspector. However, such rejection should be strictly within the contracted terms and conditions and no new condition should be adopted while rejecting the stores during final inspection.
- 8.8 The receipt of stock, its acceptance, maintenance of stock and issue of materials will be done as per the procedures contained in the ISO Manual.
- 8.9 Payments should be made for supplies as per the delivery schedule indicated in the Purchase order.
- 8.10 The Materials department shall finalize the payment terms during negotiations before finalization of the Purchase order.
- 8.11 Payment should be made as per the payment terms mentioned in the purchase order.

**Documents for payment**

- 8.12 The documents which are needed from the Supplier for release of payment are to be clearly specified in the contract. The Paying Authority is also to verify the documents received from the Supplier with corresponding stipulations made in the contract before releasing payment. All statutory documents have to be furnished by the Supplier while claiming payment.
- 8.13 When payments for supplies are made through Bank, the following points shall be observed by the Purchase Department.
- (a) The Supplier shall send advance copies of their invoices.
  - (b) Purchase Department should ensure that the materials have reached the Carrier's go down before clearing the documents.
  - (c) For Capital items, the same will be specifically to be covered in the Tender specification.
- 8.14 All payments to the Suppliers are through cheque / RTGS. Purchase department has to collect the Supplier's bank account details and inform Accounts department accordingly.
- 8.15 Statutory deduction shall be affected as per the prevailing laws /rules.

**Internal Audit of Purchases**

- 8.16 The Internal Auditor appointed by the Company shall periodically review the purchase activities and shall send an audit report to the Managing Director of the company for suitable remedial action in case of deviation / non-compliance of the rules in this Purchase manual.

**Chapter –IX**  
**PROCEDURE FOR IMPORT**

**9.1 Forecast of Requirement.**

GROUP A) Forecast of requirements for existing items / machines (which were imported for further assembling and marketing).

Forecast of these items / machinery is done by materials department based on the approved budget and BOM of the concerned machinery. Requirement of spare parts is done based on the forecast given by marketing department.

GROUP B) Forecast of New items / products

Requirement of new items/ products are forecast by concerned departments (R&D department, QA department etc.) after getting approval from Managing Director, KAMCO / Board of Directors.

GROUP C) Forecast of items /sub-assemblies for which specification/drawings is available.

Forecast of such items are done by materials department based on approved budget after getting approval from Managing Director, KAMCO.

**9.2 Sourcing and Placement of Purchase Order.**

**GROUP A**

Items/ machinery under GROUP A is sourced from approved suppliers after getting approval from Managing Director, KAMCO/Board Of Directors for each consignment. Purchase order with relevant terms and conditions will be released by Materials department.

**GROUP B**

For items under GROUP B, Expression of interest (EOI) at Global level will be invited by concerned department for identifying probable sources. Advertisement inviting Expression of Interest shall be released in KAMCO website and Indian Trade Journal. After finalizing the list of suppliers approval shall be obtained from Board of Directors for including them in the limited tender. The list of suppliers are to be forwarded to materials department for inviting limited tender. Limited Tenders shall be invited by Materials Department.

Tenders shall be evaluated by committee for evaluation of tender and submitted to Managing Director, KAMCO for approval. Based on approval by Managing Director, KAMCO, Purchase order with relevant terms and conditions will be released by Materials department.

### **GROUP C**

Items under Group C shall be sourced through global tender. Advertisement shall be released in KAMCO website and Indian Trade Journal. Tenders shall be evaluated by committee for evaluation of tender and submitted to Managing Director, KAMCO for approval. Based on approval by Managing Director, KAMCO, Purchase order with relevant terms and conditions will be released by Materials/Purchase Department.

#### **9.3 Extension of Delivery Period**

The time and the date for delivery of the stores stipulated in the acceptance of contract shall be deemed to be of the essence of the contract and delivery must be completed not later than the date specified. If the supplier is unable to complete the supply within the stipulated delivery period for which the supplier is responsible, the supplier is required to request for extension of delivery period. If the officer is satisfied that a reasonable ground for an extension of time exists and if such an extension is in the interests of the company, he may allow such extension, provided he is competent to do so. In case the reasons stated by the firm are not acceptable to the interests of company, appropriate penalty as the purchasing officer deems fit and in conformity with the form of agreement can be imposed on the firm for the belated / damaged supply. If not, the sanction of the Managing Director, KAMCO should be taken.

- 9.4 If the purchase / materials department agrees to extend the contractual delivery schedule, the same may be done by issue of an amendment to the contract with suitable denial clauses and with imposition of liquidated damages for delay. The amendment letter is to mention inter alia that in addition to imposition of liquidated damages, no extra price or additional cost for any reason whatsoever beyond the contractual cost will be paid to the supplier for the delayed supply; at the same time if for any reason whatsoever the cost of the stores to be supplied / services to be performed by the supplier decreases, that benefit will be passed on to the purchaser. Supplier's unconditional acceptance of the amendment by a specified date is to be watched and if the supplier does not agree to accept the amendment letter, further action is to be taken against the supplier in terms of the contract.

9.4 Delivery dates in respect of contracts incorporating standard and commonly used terms of delivery shall be deemed to be as follows:

3.6.1 Terms of Delivery

3.6.2 Date of Delivery

3.6.3 Ex-Works: The date the supplier delivers the stores to the purchaser at its (Supplier's) factory /premises.

3.6.4 FOB (with name of port in country of origin),(FOB stands for Free on BOARD): The date on which the ITEMS are placed by the supplier on ship with bill of lading. This date is reflected in the Bill of Lading.

3.6.5 FOB ( with name of port in the destination country): The date on which the ordered stores reach the destination port as specified in the contract.

3.6.6 Local Delivery at Site: The date on which the delivery is made at the consignee's site mentioned in the contract.

3.6.7 FAS, port of shipment (FAS stands for Free alongside Ship): The date on which the supplier deliver the stores alongside the vessel at the specified port of shipment. This date is reflected in the Bill of Lading.

3.6.8 FOB, Port of shipment (FOB Stands for Free on Board): the date on which the supplier delivers the stores on vessel's board at the specified port of shipment. This date is reflected in the Bill of Lading.

3.6.9 CIF, port of destination (CIF stands for Cost, Insurance and Freight): The date on which the stores arrived at the destination port.

3.7 9.6 Insurance is essential for all imported goods.

9.7 The supplier shall send all the relevant despatch documents well in time to the purchaser to enable the purchaser clear or receive (as the case may be) the Stores in terms of the contract. Necessary instructions for this purpose are to be incorporated in the contract. The usual documents involved and the drill to be followed in general for this purpose are as follows:

- 9.8 Within 24 hours of dispatch, the supplier shall notify the purchaser, consignee and others concerned, the complete details of dispatch and also supply following documents by registered post/speed post (or as instructed in the contract):
- (a) Supplier's invoice indicating inter alia description and specification of the Stores, quantity, unit price, total value;
  - (b) Packing list;
  - (c) Certificate of country of origin;
  - (d) Any other document(s) as and if required in terms of the contract.
- 9.9 Force Majeure means an event beyond the control of the supplier and not involving the supplier's fault or negligence and which is not foreseeable. Such events may include, but are not restricted to, acts of the purchaser either in its sovereign or contractual capacity, wars or revolutions, hostility, acts of public enemy, civil commotion, sabotage, earthquake, fires, floods, explosions, epidemics, quarantine restrictions, strikes, lockouts and freight embargoes. If there is delay in performance or other failures by the supplier to perform its obligation under its contract due to event of a Force majeure, the supplier shall not be held responsible for such delays/failures.
- 9.10 Payment for the imported goods will be through irrevocable Letter of Credit. In certain cases advance payment will have to be made for the receipt of goods. In such cases, advance can be given against Bank Guarantee.

## **CHAPTER - X**

### **SETTLEMENT OF DISPUTES**

- 10.1 Normally there should not be any scope of dispute between the Company and the Supplier after entering into a mutually agreed valid contract. However, due to various unforeseen reasons, problems may arise during the progress of the contract leading to disagreement between the Company and the Supplier. Therefore, the conditions governing the contract shall contain suitable provision for settlement of such disputes / differences binding on both the parties.
- 10.2 All disputes shall be settled through Arbitration. In the event of a dispute arising, both the Company and the Supplier shall initially try to solve it amicably by mutual consultation. In case of failure to resolve the dispute within a fortnight, either the Company or the Supplier shall give notice to the other party of its intention to commence arbitration.
- 10.2 The venue of arbitration shall be at the district where the Company is situated. The Courts of Kerala State only shall have jurisdiction to deal with and decide any legal matter of dispute arising out of the contract.
- 10.3 The contracts shall be governed and interpreted in accordance with the laws of the Union of India. The making of all stores supplied must comply with the Indian Acts relating to trade and merchandise marks and all the rules made under such Acts. When steps are initiated for arbitration the Company shall seek legal advice at appropriate stages from competent legal experts.
- 10.4 The supplies under a supply order shall, if reasonably possible, continue by mutual agreement during the arbitration proceedings and no payment due to or payable by KAMCO be withheld only on account of the pendency of such proceedings.
- 10.6 In the event of any situation arising out of or caused by any act which is beyond the control of KAMCO which results in stoppage of production or in the event of any policy decision made in the interest of the Company which may necessitate the short closure of the supply order, the Company by giving a notice of reasonable time to the Supplier, can terminate the supply order without prejudice to the rights of the parties accrued to the date of termination.

## CHAPTER – XI

### MISCELLANEOUS MATTERS

- 11.1 All purchases relating to KAMCO shall be governed by the provisions indicated in this Manual. A situation may, however crop up in a purchase case for which no solution may be readily available in this manual. In such cases, KAMCO may effect the purchase or solve the issue in accordance with the rules provided in the Kerala Stores Purchase Manual. However, if the Kerala Stores Purchase Manual is also silent on the concerned aspect, the Purchase department may take a prudent decision keeping in mind the legal and financial interests of the Company, with the approval of the Managing Director, KAMCO / Management.
- 11.2 In case where deviations from the prescribed purchase procedure are considered necessary, prior approval of the Managing Director, KAMCO shall be obtained by furnishing sufficient justifications for such deviations and the reasons thereof shall be recorded in writing. When there is a deviation involving financial implications, the same should be referred to Corporate office and orders obtained before proceeding with the purchase.
- 11.3 The Head of the Purchase Department in each business unit of KAMCO shall arrange for the submission of quarterly reports to the corporate office on all important aspects of the purchasing activity as indicated below.
- (a) ABC analysis of the item purchased.
  - (b) Detailed purchase orders placed for A class items along with the name and details of suppliers and terms of payment.
  - (c) Specifications of item purchased.
  - (d) Value of A class items purchased during the quarter.
  - (e) Name and address of all the new sources developed for any item.
  - (f) Details of purchase of proprietary articles
- 11.4 The inventory management system followed by the company as per the ISO standards will continue with necessary changes introduced from time to time.
- 11.5 The guidelines issued by the Central Vigilance Commission relevant to the purchase of Stores have been given in the Annexure-X. KAMCO may observe these guidelines which are relevant to the purchases effected by the company, as far as possible.

- 11.6 The Accountant General in the exercise of his functions in audit can examine Contracts settled by the company and report to government, the facts of any case that come to his notice, in which the rules provided in this manual have been violated without sufficient justification or any other material irregularity which has been committed in connection with a contract / Purchase.
- 11.7 The purchase files relating to the purchase of stores / materials should be preserved in the record room and destroyed after the expiry of the applicable mandatory retention period with the approval of the Managing Director, KAMCO.
- 11.8 Amendments to this Purchase Manual will be incorporated after review (if the need arises) after taking necessary approval from the Managing Director, KAMCO.

## ANNEXURES

**GROUP I- GENERAL ITEMS**

<b>Sl. No.</b>	<b>Item</b>
1	Furniture
2	Computer Software
3	Computer Hardware
4	Capital Items & Machinery
5	Uniforms & Shoes
6	Vehicles
7	Spare Parts for Vehicles, Tyres, Tubes
8	Coolants
9	Cutting Oils
10	Hydraulic Oils
11	Packing Cartons/Boxes/other Packing Materials
12	Office Consumables, Stationary & Utensils
13	Items for Sanitation & House Keeping
14	Beverages /Coffee, Tea etc.
15	Consumer Durables
16	Canteen Utensils
17	Tools for Cutting, Grinding etc
18	Spare Parts of Capital Machinery
19	Hand Tools
20	Pneumatic Tools
21	Painting Guns, Container & Accessories
22	Inspection Gauges Instruments etc
23	Assembly Carts
24	Jigs & Fixtures for Machine Shop & Assembly
25	Electrical Items, Spares Cables etc
26	Surveillance Items
27	Communication Instruments-Telephones, Mobile Phones etc
28	Sales Promotion Materials, Brochures etc.
